**INFORMATION DISCLOSURE STATEMENT
UNDER 1.97(e)(1)**

Sir:

Applicant and his legal representatives hereby make of record on the attached PTO Form-1449 the following publications which are known to them and considered warranting disclosure under 37 C.F.R. §1.56 and 1.97-98. A copy of only the foreign publication is enclosed, as copies of U.S. patents and U.S. patent publications are no longer required.

Applicant states under 37 C.F.R. §1.97(e)(1) that the publications provided herewith were cited in an International Search Report issued in connection with a counterpart international (PCT) patent application not more than three months prior to the filing of this statement. Two of the four references in the Search Report have been previously cited for consideration.

The submission of these publications does not constitute a representation by the Applicant that a search has been made or that no better art exists and does not constitute an admission that the listed publications are material or constitute "prior art." Applicant reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed publications, should one or more of the publications be applied against the claims of the present application.

As the publications provided herein are being timely filed under 37 CFR 1.97(e)(1), no fee is believed to be due. However, in the event a fee is due, please charge any fee deficiency or credit any overpayment to Deposit Account No. 08-0219.

Respectfully submitted,

Dated: February 25, 2005
